

Dear Dr. Strauss,

Dec. 21, 2009

Stacey and I want to thank you for giving me a new right hip, and with it a new lease on life. I felt and feel fortunate to be under your care - you've been patient with us and very helpful in educating us about the surgery. Moreover, there was a moment after the surgery when you advised me to face the pain and deal with it, or else face some unpleasant consequences. This interpretation motivated me to get going, and it made all the difference in the world.

So thank you so much from the bottom of our hearts, and the happiest of holidays.

Stacey and Bob Greenfield
